For: Doppler ultrasound method and :
apparatus for monitoring blood flow :

A Petition Under 37 CFR 1.84(a)(2) and b(2) for Submission of Color Drawings or photographs was submitted in connection with the above-identified application on December 29, 2003. The petition was accompanied by: (1) the requisite three sets of Drawings; (2) the requisite petition fee; and (3) a showing that color drawings are the only practical medium by which to disclose the subject matter sought to be patented in the patent application. Accordingly, the color drawings are acceptable.

The petition is Granted.
